Virtusa Business Case

Music Accessories E-Commerce Website

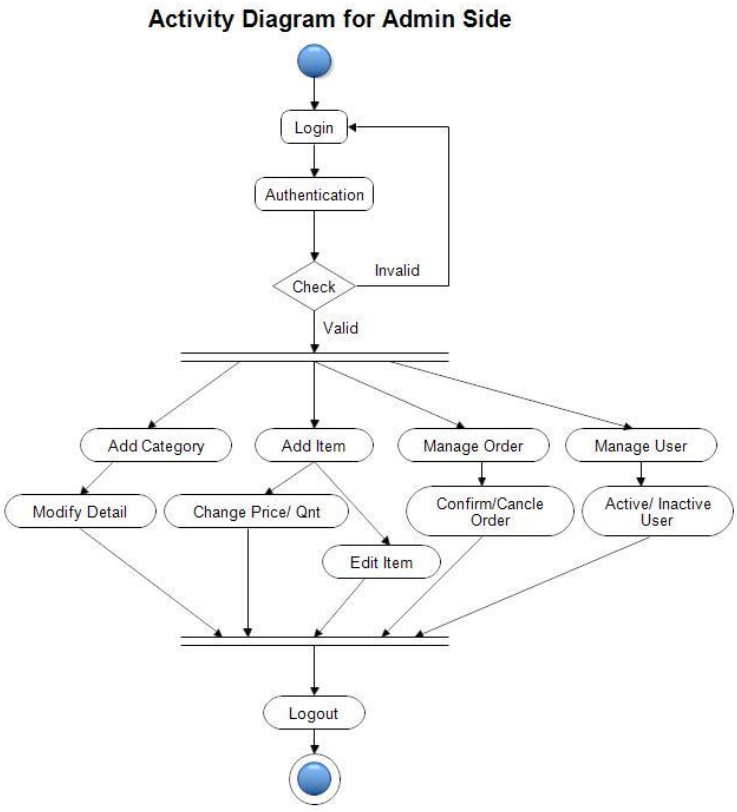
Group Members - Kush Sharma

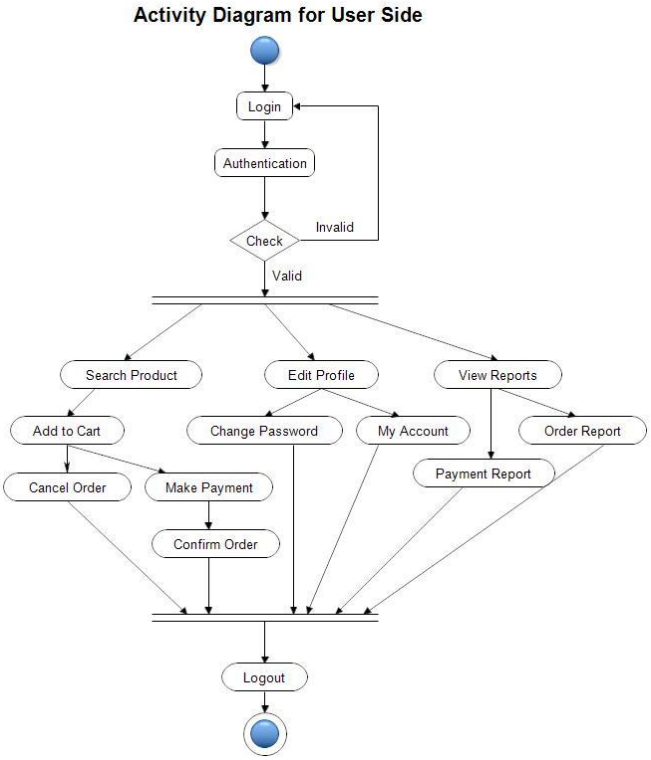
Karan Mehta

Introduction - In this project, we plan to build an e-commerce music accessories website that gives any user a first hand access to music accessories such as guitars, amplifiers, vinyl records etc across all brands from all around the world.

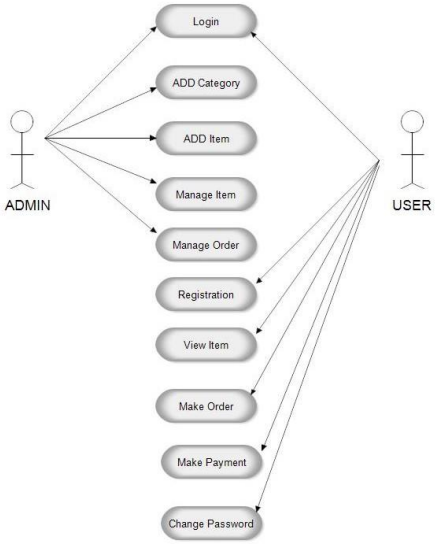
Following are the UML Diagrams for the same:-

1. Activity Diagram

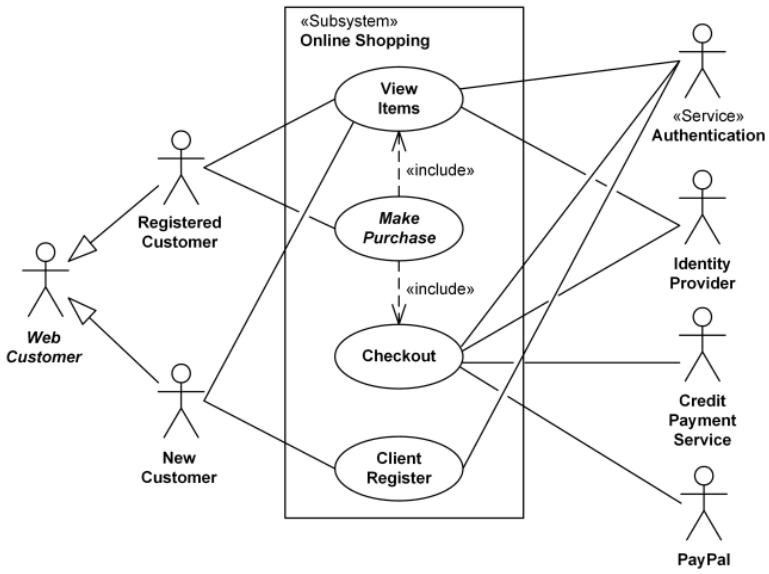




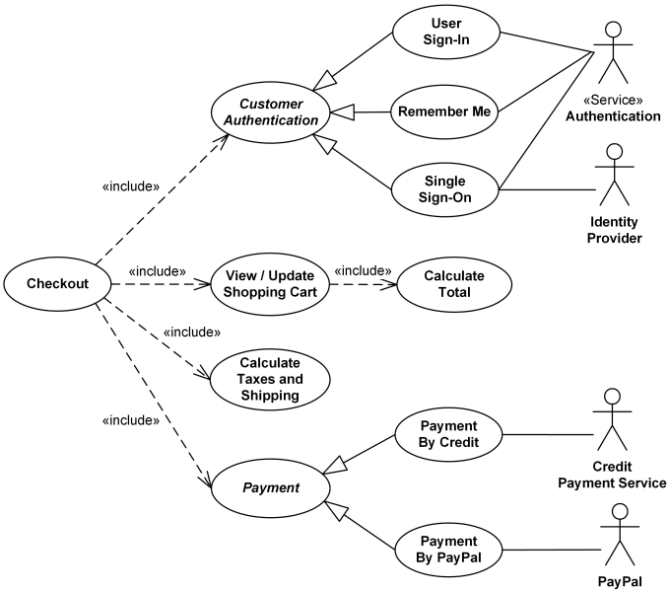
2. Use Case Diagrams



Online Shopping Use Case Diagram



Case Diagram for Online Shopping System



Case Diagram for “Checkout”

Case Diagram for "View Items"
